The Lewré Story

Lewré's story began in year 1987:

Dato' Lewré started Roondy - a shoe trading company back in 1987. Roondy was invited by The Malaysian External Trade Development Corporation (MATRADE) to participate in the famous GDS Shoe Fair in Dusseldorf, Germany. From there, Roondy is marking an exponential growth in export sales and succeeded in penetrating to more than 40 countries worldwide in a few years' time.

The Birth of Lewré:

Dato' Lewré drew his inspiration from another renowned shoe designer Dato' Jimmy Choo and launched the brand Lewré in 1997, in conjunction with celebrating Roondy's 10th anniversary in the footwear industry. With fashionable designs and exceptional workmanship, Lewré shoes are adored by prominent figures in the country that include celebrities, royalties and government leaders as well.

Awards and Honors:

In 2011, Lewré was awarded the prestigious Putra Brand 'SME Brand of the Year Award' that brought the brand to higher steps of Recognition in the Malaysian fashion scene and business arena. In 2012, Lewré's exclusively customized 6 pairs of sophisticated shoes and 2 clutch for the Duchess of Cambridge, Kate Middleton as National Gifts from Her Majesty The Queen, Raja Permaisuri Agong, Tuanku Haminah Binti Hamidun. In 2014, Lewré has the honor to design a pair of shoe and a matching clutch for the First Lady of China, Madame Peng Liyuan as National gift in conjunction with the 2014 Malaysia-China Friendship Year.

Present and Future:

From its humble beginning almost 30 years ago, Lewré has been shaped by moments of inspiration, perseverance and courage. We will continue to grow through the 21st century by remaining dedicated in delivering the best designs of top-notch shoes.

2015 The Birth of Nicsmann 1940s by Lewré

I was inspired by a vision to create a new, Fashionable F&B brand in the latest & most prominent entertainment hub in Malaysia - TREC KL (endorsed by Tourism Malaysia). As a food lover myself who has traveled more than 20 years in the fashionable cities around the world,

I immediately offered to contribute my exposure and experience in the international traveling by designing the new concept and later was offered to joint venture with Friendscino Group - an established F&B group of companies.

Lewré International & Friendscino Group are eyeing to set and promote Nicsmann 1940s by Lewré as a fashionable F&B hub for people who love good food, good place for international fashion artist, designers, socialites, and high profile guests to hang out.

Nicsmann 1940s also served as a sneak preview in line with Lewré coming international expansion in new fashion related categories. We hope you enjoy with the good food, great companies, wonderful KL city horizon view and our humble design.

Nicsmann 1940s by Lewré will serve the fashionable KLites a venue for “Celebration” as I believe life is about “Celebration” and celebrate fashionably.

Once again, thank you for everyone’s great support and looking forward to seeing more fashionable celebration in Nicsmann 1940s by Lewré.

Thank You.

Your faithfully,

Dato' Lewré Lew

Founder of Lewré International & Royal Couturier.

JACOB'S CREEK WINES

Jacob's Creek wines are the largest wine brand with over 160 years of wine making expertise. Located in Australia, this brand exports to over 60 countries. The brand is wholly owned by Orlando Wines, an Australian winery located in the small township of Rowland Flat in the Barossa Valley.

In 1847, Johann Gramp, the Founder of Orlando Wines, planted some of first grape-vines in the Barossa Valley along the bank of Jacob's Creek. Over a century later, in 1976, after years of development, a 1973 vintage Shiraz Cabernet Malbee became the first wine to be released under the Jacob's Creek label.

EVIAN, NATURAL MINERAL WATER

Evian is portrayed as a luxury and expensive bottled water. It was named in Agatha Christie's Murder on the Orient Express. It is popular among Hollywood celebrities. The brand frequently collaborates with high-fashion designers for a series of limited edition bottles.

BADOIT, A UNIQUE WATER

This major sparkling water brand is much-loved by the French. Badoit brings over two centuries of pleasure and sophistication to every meal. Originally acknowledged for its exceptional properties in the 18th Century, Badoit was recognised in 1778 by King Louis XVI's physician as having virtues that "enhance the appetite, soothe digestion and lift the spirit". Resolutely traditional, Badoit knows how to reinvent itself; its bottles are increasingly elegant, and highlight this unique product. Choosing to enjoy Badoit fine bubbles means making each meal a special occasion.
